Things you need to know about golf in Okinawa

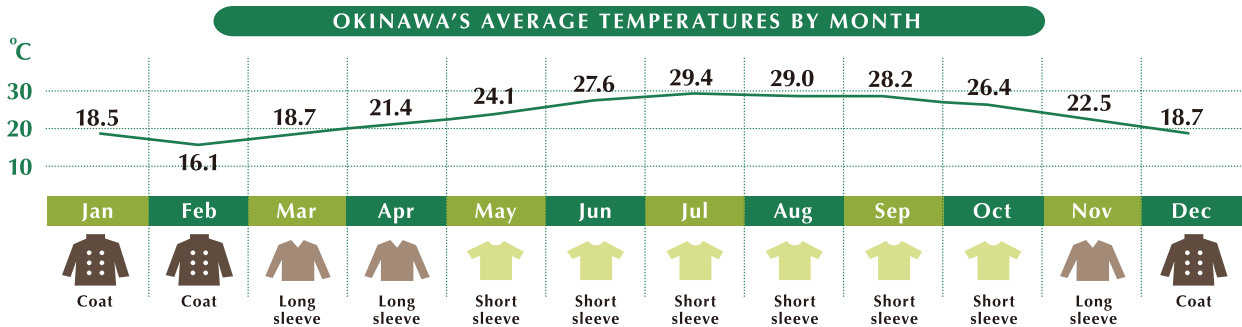

PROTECT YOURSELF FROM THE HEAT/COLD WHEN PLAYING GOLF.

Measures against the heat

The Sun's rays feel strong in the summer, but in the shade there is a cool breeze and you can avoid the heat.  
Do not forget to bring your hat, sunglasses and sunscreen to the golf course, and make sure you take regular sips of water and salt.  
You can also avoid the heat by playing golf in cooler times of the day such as early morning and late afternoon or using a golf course with night game facilities.

Measures against the cold

Winter in Okinawa is the perfect season to enjoy golf in comfort. On the other hand, golf courses in Okinawa are often located on the seaside or highlands and you may feel colder than the actual temperature due to the strong wind.  
Please check the weather forecast in advance and bring a jacket if necessary.

EMERALD COAST GOLF LINKS

LONG  
COURSE

Beautiful links course in harmony with the seashore, with the theme of “golf in contact with the sea”.

On this seaside resort course, you can enjoy the famous 16th hole across the sea, the 6th hole next to the white beach, and the 18th hole where you can hit a shot from the natural beach bunker while feeling the sea breeze.  
You may also catch sight of various rare animals if you are lucky!
